Subject: Els For Autism Charitable Foundation

To: Tim Blackman, of Visual Power Protection

We at the Ernie Els Centre for Autism, South Africa, would like to take this opportunity to express our deepest appreciation for your recent donation.

Our primary mission is to empower families of children on the autism spectrum by offering free guidance to support caregivers along this journey. We currently work with almost 100 families across the country, with the primary goal of equipping caregivers with the support and understanding of how to best teach his/her child on any skill that will better his/her quality of life.

Your gracious donation will greatly enhance our services provided to the amazing families we work with. Moreover, these donations will contribute towards the Centre's overall growth and expansion so that our service can be as effective and accessible as possible for families who need support. If you would like any further information regarding the Autism Spectrum, or the Els for Autism Foundation, please feel free to visit our website, or contact our offices (details below).

On behalf of Els for Autism, I would like to express our utmost gratitude for your donation and support for South Africa's autism community. We are truly grateful for your assistance.

Yours Faithfully,

Shani Lits
Program Director at the Ernie Els Centre for Autism, South Africa
